Frontend Developer

Alex Pagnotta

Hi, I'm Alex Pagnotta, a frontend developer from Italy 🇮🇹, currently working remotely at Wild 🇸🇪

I enjoy building curated UIs on the web, to offer the best possible experience to the users.

Experience

WILD - Sr. Frontend developer •

April 2022 - Present (Remote)

- Worked on frontend development projects for renowned clients like Ikea, Duolingo and Red bull, ranging from comprehensive websites to microsite experiences, using frameworks like NextJs, Remix, etc.
- Had the opportunity to work on full-stack web applications projects, with responsibility on both Frontend and Backend.
- Contributed on the development of AI chatbots and applications, using OpenAI API and LangchainJS framework.

Extendi - Frontend developer

December 2020 - April 2022 (Remote)

Worked on frontend development of several projects for an important multi-utility company, using React, NextJS and Contentful CMS.

IWH - Full Stack developer

June 2019 - December 2020

Full Stack development of web apps, using .Net Core and React.

Costasoft - C# developer

June 2017 - May 2019

Worked as a consultant for a major company in the CNC industry.
